Cabin glazing with skylight

representative office space

Bakery - sales room

Car dealer - show room

skylight - optional with tilting lever

Your advantages:

- attractive appearance
- toughened safety glass (ESG) 6-16-6 gas filled (u=1.1), white pvc profile
- optional double wing door with fixed glazing
- optional tilting lever for skylight
- delivery possible for internal heights 2,540mm and 2,700mm

The cabin glazing is available in the standard specification as described only. It is fixed to the frame and a later alteration isn’t possible. For each building a technical review and clearance is required.
